SIAG/IS Conference History

SIAG/IS Conference 2024

Organizing Committee Co-Chairs

Kui Ren, Columbia University, U.S.
Samuli Siltanen, University of Helsinki, Finland

Organizing Committee

Mark Anastasio, University of Illinois Urbana-Champaign, U.S.
Liliana Borcea, University of Michigan, Ann Arbor, U.S.
Julianne Chung, Emory University, U.S.
Juan Carlos De los Reyes, MODEMAT, Escuela Politecnica Nacional Quito, Ecuador
Bin Dong, Peking University, China
Hui Ji, National University of Singapore, U.S.
Audrey Repetti, Heriot-Watt University, United Kingdom
Tanja Tarvainen, University of Eastern Finland, Finland
Joachim Weickert, Saarland University, Germany
Xiaoqun Zhang, Shanghai Jiao Tong University, China

Implicit Regularization in Nonconvex Statistical Estimation: Gradient Descent Converges Linearly for Phase Retrieval, Matrix Completion and Blind Deconvolution

Wednesday May 19th, 1:00 PM – 1:45 PM, Peachtree CD 8th Floor

Recent years have seen significant progress in designing efficient nonconvex procedures for statistical estimation. These procedures often require regularization to ensure fast convergence. This paper reveals that gradient descent implicitly enforces proper regularization, even without explicit regularization terms. It follows a trajectory within a basin that has favorable geometry, leading to aggressive yet stable optimization. We demonstrate this “implicit regularization” phenomenon in phase retrieval, low-rank matrix completion, and blind deconvolution problems, showing near-optimal statistical and computational guarantees. Our approach, a leave-one-out perturbation argument, marries statistical modeling with optimization theory, providing a general recipe for analyzing iterative algorithms' trajectories.

siam 2024 | Annual Meeting

July 8th – July 12th, 2024
Spokane Convention Center
Spokane, Washington, U.S.

The Annual Meeting provides a broad view of the state of the art in applied mathematics, computational and data science, and their applications through invited presentations, prize lectures, minitutorials, minisymposia, contributed presentations, and posters.

The 2024 online component will take place July 18th-20th

Organizing Committee Co-Chairs

Michael P. Friedlander, University of British Columbia, Canada

Anna Mazzucato, Pennsylvania State University, U.S.

Annual Meeting

July 8th – July 12th, 2024
Spokane Convention Center
Spokane, Washington, U.S.

Held Jointly with:

- SIAM Conference on Discrete Mathematics (DM24)
- SIAM Conference on Applied Mathematics in Education (ED24)

Tracks of Sessions by SIAM SIAGs:

- Dynamical Systems

Registration Deadline:

- June 10th, 2024

Hotel Registration Deadline:

- June 10th, 2024

Travel Fund Application Deadline:

- April 8th, 2024

- *Online component July 18th-20th*

More information available at:

<https://www.siam.org/conferences/cm/conference/an24>

Annual Meeting

July 8th – July 12th, 2024
Spokane Convention Center
Spokane, Washington, U.S.

Plenary Speakers

Carrie Diaz Eaton, Bates College, U.S. (ED24)

Maryam Fazel, University of Washington, U.S.

Ulrike Feudel, Universität Oldenburg, Germany

George Haller, ETH Zürich, Switzerland

Youssef Marzouk, MIT, U.S.

Jonathan Mattingly, Duke University, U.S.

Raghu Meka, UCLA, U.S. (DM24)

Siddhartha Mishra, ETH Zürich, Switzerland

Sebastian Reich, University of Potsdam, Germany

Juan Restrepo, Oak Ridge National Laboratory, U.S.

Leslie Smith, University of Wisconsin, U.S.

Gabriele Steidl, Technische Universität Berlin, Germany

Gene Golub SIAM Summer School

Iterative and Randomized Methods for Large-Scale Inverse Problems

July 22nd - August 2nd 2024

Campus of the Escuela Politécnica Nacional, Ladrón de Guevara E11-253, Quito, Ecuador.

Our Summer School will enable students to learn state-of-the-art mathematical and statistical tools to discover information hidden within large-scale data sets and solve complex inverse problems. Through hands-on experience with techniques from Randomized Numerical Linear Algebra, data assimilation, iterative algorithms, and inverse problems we will offer students a two-week summer school to learn this valuable range of computational mathematics topics.

SIAM will be accepting proposals for the 2026 school in the fall, with a deadline of January 31, 2025.

For more information visit: <https://www.siam.org/students-education/programs-initiatives/gene-golub-siam-summer-school>

SIAM Journals

SIAM's 18 journals are all available for download on SIAM's virtual library, epubs.siam.org. SIAM's virtual library is the definitive source for the final, peer-reviewed version of every published article, so be sure to utilize it!

Join SIAM Today!

Benefits of SIAM Membership Include.....

- *SIAM Review* (Print & Electronic)
- *SIAM News* (Print)
- 30% Off SIAM Books
- \$15 / Activity Group Membership
- 20% - 30% Off Registrations
- 80% Off Journals (up to 4)
- 95% Off e-Access to Journals
- Spouse may join as Associate Member
- *SIAM Unwrapped*
- Vote in SIAM Elections
- Eligible to Hold Office
- Eligible for Committee Appointments
- Nominate SIAM Fellows
- Be Nominated as a SIAM Fellow
- Eligible for Group Insurance
- Nominate 2 Students for Free Membership
- Qualifying Student Members can join 2 SIAGs for *free!*
