

SIAM Journal on Discrete Mathematics

Publishing Algorithmic and Computational Discrete Mathematics,
Combinatorics, and Graph Theory

Editor-in-Chief

Stanislav Živný
University of Oxford

Publishes research articles on a broad range of topics from pure and applied mathematics including combinatorics and graph theory, discrete optimization and operations research, theoretical computer science, and coding and communication theory.

This journal has the broadest coverage of any of the leading international journals in discrete mathematics, including combinatorics, graph theory, algorithms, information and coding theory, combinatorial optimization, and their applications.
